AWARD

This is a complaint dated 28th February, 1963, purporting to be under Section 33A of the Industrial Disputes Act, 1947 (Act XIV of 1947). It is claimed that Bhimsen, the complainant herein was a workman concerned in the industrial dispute reference CGIT 20 of 1962, which it is admitted was pending before this Tribunal on the date this application was filed and the dates on which terms and conditions of service of the complainant are alleged to have been altered to his prejudice.

2. The facts of the case as stated in the complaint are that the complainant had been in the employment of the Nowrozabad Colliery of the Associated Cement Companies Limited (hereinafter called the 'Company') since 3rd August, 1961, when according to the complainant he was appointed as a 'Loco Apprentice'. According to the complainant he had operated locos as loco driver on various occasions between 3rd August, 1961 to 8th July, 1962 and since the latter date he had been working only as a Loco Driver. The Complainant relies on an order, dated 8th July, 1962 (Exhibit W. 2) which was in the following terms:—

According to the complainant, without any orders to the contrary, on 2nd January, 1963, the Loading Supervisor instructed the complainant to perform the duties of a helper to a Loco Driver which the complainant refused to do on the grounds (1) that the order was not from a competent authority (2) it was not a lawful

and reasonable order; that again on 7th January, 1963 the complainant was asked to work as a helper and again complainant refused to do so on the same grounds. Thereupon, two charge-sheets were issued against him for the said two incidents and for the latter incident the complainant was suspended pending enquiry. On 9th January, 1963, the complainant submitted an explanation in which his stand was that he was appointed as Loco driver since 18th July, 1962 till further instructions and that he had been working as a Loco-driver since then, and that he had been wrongly and illegally asked to work as helper on the two days in question. The management, however, considered the explanation unsatisfactory and after an enquiry held him guilty and awarded him punishment of five days suspension from service without pay. Thereafter, complainant joined duty on 9th February, 1963 when he was again asked to work as a loco-helper under a mazdoor, who was deputed to work as a loco-driver. The complainant refused to do so and was marked absent; that up to 17th February, 1963 the complainant was asked to work as a helper to a mazdoor and each day the complainant refused to do that work and so was marked absent; that on 17th February, 1963 the complainant was charge-sheeted and suspended pending enquiry, but that the enquiry had not been held till the date he filed his complaint on 28th February, 1963.

3. In para 8 of the complaint the complainant has stated that he was a workman concerned in the industrial dispute which had been referred by the Government of India under notification No. S.O. 2371, dated 21st July, 1962 to this Tribunal, being reference No. CGIT 20 of 1962, which pertained to the categorisation of Loco-drivers at Nowrozabad Colliery, that since 8th July, 1962 i.e. since even before the date of the said reference, the complainant had been working as a Loco Driver and therefore it was necessary for the company to have made an application to this Tribunal under Section 33 of the Industrial Disputes Act for prior permission for effecting a change in the service conditions of the complainant, the change being that of asking him to work as a helper when he was entitled to work as a Loco Driver. He has urged that the change of designation from Loco Driver to Helper without the permission of this Tribunal was in contravention of Section 33(1)(a) of the Industrial Disputes Act. In para 9 of his complaint the applicant has stated that even otherwise the complainant had been appointed as a Loco Apprentice and that the change of his designation from that of Loco Apprentice to that of a Helper and the company's insistence that he should work as a Helper which work he had never done, also amounted to contravention of Section 33 (1) (a) of the Industrial Disputes Act, 1947. According to the complainant when he had not worked as a Loco driver he had worked either as a learner mechanic or as an attendant in the washery. The complainant in para 10 of his application has relied upon the definition of the term apprentice in the standing order of the Company and he has stated that he was merely designated as an apprentice without being paid the allowance provided for an apprentice under the colliery's standing orders; that he was paid the wages of category III only. His contention is that the designation given by the Company was not in accordance with the standing orders and that he was really and factually a probationer who after six months had to be made permanent in the post for which he was probationer; that Ex. W. 2 was really an order to work in a clear vacancy and that after his having completed six month's continuous service as Loco Driver, the company had no right to effect a change in his designation. In para 11 of his complaint he has stated that even on the basis of the departmental enquiry, copies of which had not been supplied to the complainant, no misconduct has been proved and the punishment of five days suspension had been awarded to intimidate him and thus coerce the complainant to accept the lower job which amounted to unfair labour practice. The complainant has, therefore, prayed that it be held (1) that the opposite party has contravened Section 33(1)(a) of the Industrial Disputes Act, 1947, inasmuch as they failed to obtain prior permission of this Tribunal to change the service conditions applicable to him, immediately before the commencement of the proceedings in reference No. CGIT 20 of 1962; (2) that the Tribunal be pleased to direct the opposite party to continue the complainant in service as a Loco Driver and by way of relief pay to the complainant wages for all the days of suspension and non-employment.

4. The Company on 13th June 1963 filed its written statement in reply to the complaint, in which it has urged that the complaint is misconceived and/or premature and not maintainable in law. It has denied that there has been any breach of the provisions of Section 33 of the Industrial Disputes Act by the Company; that the whole idea of this complaint was to "forestall the departmental enquiry and hamstring and harass the Company".

5. According to the Company the true facts were that the complainant was appointed as a Temporary Loco Apprentice on 3rd August, 1961; that the appointment was extended from time to time; that the complainant was aware that his designation was changed from 1st September 1961 as Loco Helper from that of Loco Apprentice and at no stage thereafter and before the filing of the complaint, the complainant claimed to be a Loco Driver; that by an order, dated 1st September, 1962 the complainant was made permanent in his "existing position as Loco Helper in Category III"; that a copy of that order was served on him and he had signed a copy thereof in token of receipt thereof; that on 27th September 1962 the complainant had made an application to the company to issue him a service certificate; which was granted to him in which also his designation was shown as "Loco Helper" (Ex. E.1).

6. The Company has stated that its Memorandum, dated 18/21-7-1962 (Ex. W.2) was merely a memorandum authorising the complainant to officiate as Loco Driver; that the complainant was aware that he had during the period 1st October, 1962 to 30th November, 1962 worked as "Loco Helper" only and not as Loco Driver as alleged by him; and that thereafter during the whole of December 1962 he had again officiated as a "Loco Driver"; that from 1st January 1963 he was reverted to his regular substantial post of Loco Helper under Category III and on 2nd January 1963 he was asked to work in this position which he had refused. Thereafter, on two further occasions on January 1963 this request or order was made or given to him which he refused. Accordingly, charge-sheets were served on him and he was suspended pending enquiry. After the enquiry was over on 27th January 1963, he was treated leniently and was suspended by way of punishment for five days under Company's standing orders; that from 28th January, 1963 the complainant was absent and resumed duty on 9th February 1963, when he was asked to work in his normal capacity as Loco Helper which he refused. Again on 10th February, 1963 he was instructed by his Superior Officer to work as Loco Helper and refused to do so and did not work throughout the shift. By the Company's letter dated 11/13th February, 1963 these facts were set out and he was finally warned and a copy of the said letter is annexed by the Company to its written statements as Annexure 2; that from 13th to 17th February 1963 the complainant was allotted work on the Locos as Loco helper, but he refused to carry out these orders and do the work of loco helpers. Therefore, on 17th/18th February, 1963 another charge-sheet was served on him (Annexure 3). Meanwhile, on 28th February, 1963 the present complaint was filed under Section 33A. Thereafter, the enquiry proceedings were completed and on 17th March 1963 he was dismissed from Company's service and an application under Section 33(2)(b) of the Industrial Disputes Act 1947 had been made before the Dhanbad Industrial Tribunal for its approval; that the said approval application was pending disposal of the Dhanbad Tribunal. The Company has, therefore, stated that the application is premature and misconceived and that there is no question whatsoever of effecting a change in the service conditions applicable to the workmen immediately before the commencement of the proceedings in Reference No. CGIT 20 of 1962, as alleged. Apart from sometimes acting as Loco Driver as mentioned in the certificate (Ex. E. 1) the complainant had been at all material times only a Loco Helper in Category III which, therefore, would comprise the proper and permanent service conditions applicable to him; that the Company had not effected any change of designation without permission under Section 33(2)(a) as alleged; that the dispute in reference No. CGIT 20 of 1962 concerned only permanent Loco Drivers who were in Category V and whether they should instead be placed in Category VII, and as such it could not by any manner or means be said to concern or include the complainant a workman concerned in that complaint; the Company has submitted that it was to the knowledge of the Complainant that he was reverting every time to his original post of Loco Helper after officiating or acting as Loco Driver and that this was in the ordinary course of the day to day internal management of the Company's business. The Company has denied that there was any *mala fide* intention on the part of the Company and the Company has pleaded that the question whether there had been any contravention of Section 33(1)(a) should be first decided as a preliminary issue without going into any facts and circumstances.

7. Thereafter, on 12th December 1963 the complainant filed a supplementary written statement, in which he stated that on 17th February 1963 he was charge sheeted and was put under suspension pending enquiry; that thereafter a most unfair and partial enquiry was held by the Opposite Party and the complainant

had been dismissed from service with effect from 15th April 1963. In paragraph 3 of its supplementary written statement he prayed as follows:

"That the complainant submits that the Hon'ble Tribunal be pleased to take this fact also on record as it amounts to further contravention of the provisions of Section 33 of the Industrial Disputes Act, 1947 and to direct the Opposite Party to reinstate the complainant as a Loco Driver with full back wages".

8. To this the Company has filed a rejoinder dated 10th January 1964, in which it has stated that no amendments to the complaint dated 28th February 1963 should be allowed. It has denied the allegation that the enquiry held by the Company was unfair and partial and it has submitted that these allegations are irrelevant and unnecessary for the purposes of the present complaint. The company has further denied that there had been any further contraventions of the provisions of Section 33 of the Industrial Disputes Act as complained by the supplementary written statement dated 12th December 1963. The Company has further contended that the industrial dispute in CGIT 20 of 1962 was heard and this Tribunal passed its award therein dated 15th February 1963, which was published in the Gazette of the Government of India dated 2nd March 1963; that the pendency of the proceedings in that dispute had therefore concluded by 3rd April 1963 prior to 15th April 1963, the date of which the complainant was dismissed from service. The Company has, therefore, urged that no complaint with regard to the dismissal of the complainant was maintainable and this Tribunal had no jurisdiction to entertain a complaint, against his dismissal.

9. In my opinion the contention urged by the Company against the Union's application embodied in its supplementary written statement dated 12th December, 1963 is valid and must be upheld, because by the time that application was filed, I had become functus officio with regard to the industrial dispute in Reference No. 20 of 1962, because the proceedings in that dispute had concluded on 3rd April, 1964 a month after the publication of the Award in the official Gazette, under the provisions of section 17(a) read with Section 20 sub-section (3) of the Industrial Disputes Act, 1947. I must, therefore, necessarily confine my award herein to the facts covered by the complaint dated 28th February, 1963 and which as I have stated earlier involves the main question (1) whether he was a workman concerned in Reference No. CGIT-20 of 1962 and if so (2) whether there has been a prejudicial change in the terms and conditions of the service of the complainant as applicable to him prior to the date the industrial dispute in Reference No. 20 of 1962 was referred to this Tribunal for adjudication, and whether such a change constituted a breach of section 33(1)(a) of the Industrial Disputes Act. The complainant has evidently realised this difficulty in his way as he has filed a separate complaint dated 12th February, 1964 under Section 33A with regard to his dismissal on 15th April, 1963, on the ground that he was a workman concerned in another industrial dispute between this Company and its workmen being Reference No. CGIT-43 of 1962, which was then pending before this Tribunal on the ground that the Company had made a breach of section 33 of the Industrial Disputes Act, 1947. In not applying for approval of the Tribunal in that dispute for his dismissal. That complaint which bears No. 11 of 1964, is still pending.

10. I think it also necessary at this stage to make a reference to the application under Section 33(2)(b) which the company had filed before the Dhanbad Tribunal for approval of its action in dismissing the opposite party from its service. That application was filed on 15th April, 1963 (the date on which the dismissal of the complaint took effect) and bore Application No. 96 of 1963 on the file of that Tribunal in Reference No. 26 of 1962, but the Dhanbad Tribunal by its order dated 7th December 1963 held that the complainant was not a workman concerned in the industrial dispute Reference No. 26 of 1962 proceedings in which were then pending before it and in which the Company had filed the said application and allowed the company to withdraw the said application.

11. Both parties have led oral evidence and have also filed a number of documents. The Union examined besides the complainant two other witnesses namely Shri M. S. Sharma, Loco Driver, Nowrozabad Colliery (W.W.2) and Shri R. P. Pandey, Loading Supervisor-cum-Traffic Supervisor, Nowrozabad Colliery (W.W.3). The Company examined two witnesses, namely Shri N. K. Sharma, Chief Engineer, Nowrozabad Colliery (E.W.1) and Shri G. V. Joshi, Office Superintendent, Nowrozabad Colliery (E.W.2) and also filed a large number of orders, documents consisting of pay sheets, wage registers etc. in proof of its contention that the complaint was never a permanent loco driver, but was at all material times a Loco Helper.

12. I must, therefore, now deal with the questions firstly whether the complainant was a workman concerned in Reference No. 20 of 1962, and secondly whether there has been any prejudicial change in the terms and conditions of service of the complainant as alleged in the complaint which necessitated the company having to seek approval of this Tribunal by an application under section 33(2) (b) and whether the failure to do so constituted a violation of section 33(1)(a) of the Industrial Disputes Act, on the part of the opposite party as alleged.

13. Now, the subject matter of the industrial dispute in Reference No. CGIT-20 of 1962 was as follows:—

“Having regard to the nature of the duties performed by the Loco Drivers of Nowrozabad Colliery, whether they should be placed in Category VII and if so, from what date after 3rd November 1961?”

It is clear from this that the subject matter of this reference concerned the pay of Loco Drivers and the question referred to the Tribunal was whether they were entitled to wages in category VII, the admitted position, being that the Loco Drivers in the Nowrozabad Colliery were being paid wages of category V, as fixed by the Majumdar Award. The Company, therefore, is right when it has urged that the complainant would be deemed to be a workman concerned in Reference No. CGIT-20 of 1962, only if he establish that he was a Loco Driver on the date when he alleges a change was sought to be made in the terms and conditions of his service i.e. 3rd January 1963.

14. The complainant's case, as I have shown earlier, is that he had been appointed as Loco Driver from 8th July 1962 until further orders (Ex. W-2) and that he had since then continued to work as a Loco Driver and on 3rd January 1961 he was not a Loco Helper.

15. In his complaint, he has stated that he was appointed on 3rd August 1961 as a Loco Apprentice, which position the Company admits. He has stated that he worked as a Loco Apprentice for only about 25 days and that barring a short period thereafter when he worked in the garage and washery, he had throughout worked as a Loco Driver. The period covered by his having worked as an Apprentice Loco Driver and at the Garage and Washery covers a total period of nearly four months from 3rd August 1961 i.e. till about the end of November 1961. Whilst in his complaint the complainant has stated that he had been continuously working as a Loco Driver since 8th July 1962 and only on occasions previous to it. In his evidence he has stated that he has been working as a Loco Driver from November 1961 or January 1962. Therefore, his case as stated in his evidence is that he was a Loco Driver since six or seven months prior to July 1962, whilst in his complaint his case is that he was appointed as Officiating Loco Driver only on 8th July 1962. Apart from these contradictions, the case of the complainant in his evidence was that he had never worked as a Loco Helper in Nowrozabad Colliery. In his examination-in-chief he categorically stated:—

“I have never worked as a Loco Helper in Nowrozabad Colliery.”

But, Exhibit W-4, which is dated 1st September 1962 is an order confirming Bhimsen as a Loco Helper in category III on a basic of Rs. 1.29 nP. per day, drawn by him on that day i.e. 1st September 1962. Now, this order confirming Bhimsen as a Loco Helper in category III with effect from 1st September 1962, bears the signature of Bhimsen himself, and it is witnessed by one Loknath and the date clearly stated thereon is 1st September 1962. His explanation with regard to this (Ex. W-4) is that on receipt of this confirmation order he had seen Shri M. S. Kapoor, the Welfare Officer at Nowrozabad Colliery and had asked him why he was confirmed in the post of Loco Helper when he had never worked as a Loco Helper. The complainant's story is that Shri Kapoor told him not to worry because he was already working as a Loco Driver and the case of Loco Drivers was pending before the Industrial Tribunal, Bombay in Reference No. CGIT-20 of 1962.

16. Shri Vimadlal, the learned counsel for the Company has rightly relied upon Ex. W-4 as showing that Bhimsen's statement that he had never worked as a Loco Helper cannot be accepted. He has rightly argued that if he was really a Loco Driver with effect from 8th July 1962 and had been served on 1st September 1962 with an order confirming him as Loco Helper he would surely have refused to sign it and would have complained about it to the Union or the Union would have written to the Company protesting against this, and that Bhimsen's story of his alleged interview with Shri M. S. Kapoor, Welfare Officer, and of the assurance given to him by Shri Kapoor, was unbelievable.

17. In my opinion, Ex. W-4 clearly negatives the complainant's story that he had never worked as a Loco Helper. It is significant that Exhibit W-4 bears a date subsequent to Exhibit W-2, which is dated 18/21st July 1962 by which he was appointed as Officiating Loco Driver till further instructions.

18. The next document on which the complainant has sought to rely in a joint allotment order for quarters issued by the Manager of the Nowrozabad Colliery, dated 24th September 1962 (Ex. W-3), in which the complainant has been described as Loco Driver and another workman, who was jointly allotted the quarters with him, one Shri Sadhur has been described as Loco Helper. As against this, the Company has filed a copy of allotment of quarter order, dated 22/23rd September 1962, in which Shri Bhimsen has been described as Loco Helper. In that order the first sentence reads as follows:—

“You have been jointly allotted a quarter in the new housing colony with Shri Sudhoo, who is also working with you.” (Ex. E-8).

The Company has also relied upon the service certificate issued to Bhimsen, dated 29/30th September 1962, in which it has been stated that his then designation was Loco Helper (Category III) (Ex. E-1). The Company has also relied upon the Coal Mines Provident Fund Declaration, which is dated 14th September 1962, in which also Bhimsen's occupation has been shown as Loco Helper (Ex. E-2). The Company has also relied upon the form of appointment of competent person under the Coal Mines Regulations 1957, which is dated 7th July 1962 and in which Bhimsen has been authorised to work as Loco Driver (as and when required) (Ex. E-3).

19. What is more important is that the pay sheets of the Company which were filed through the Company's witness E.W-2 Shri G. V. Joshi, Office Superintendent of the Nowrozabad Colliery, show that he has been described as Loco Helper in a large number of monthly pay sheets. The pay sheets for the months of September to December 1961, and January to May 1962 had described Bhimsen as Loco Helper (Exhibits E-10) to (E-18), and Bhimsen has put his thumb impressions and in some entries his signatures on revenue stamps in English. It is significant that his wages from August 1961 to May 1962, both months inclusive was shown as Rs. 1.19 nP. per day, which is the wage for Category III. Again for the months of June to August 1962, Bhimsen has been shown in the pay sheets as Loco Helper (Ex. E-19, 20 and 21). Exhibit E-21 also bears an entry that Bhimsen had officiated as Loco Driver between 8th July 1962 to 31st August 1962. In the pay sheets for each of the months September 1962 to January 1963 also Bhimsen had been designated as Loco-Helper (Ex. E-22 to E-26). What is significant is that in exhibits E-23 and E24, which are for the months of October and November 1962, there is only a single entry on the respective page of the pay sheets, which relates to Bhimsen and there his designation has been clearly shown as Loco Helper and what is more significant Bhimsen has signed by putting his thumb impressions on those pay sheets. The point sought to be established being that from these entries it could not be urged that Bhimsen had signed the pay sheets without noticing what his stated designation was. In other words that Bhimsen had by his conduct accepted the designation of Loco Helper even in October and November 1962.

20. The Company's witness E.W-2 Shri G. V. Joshi, Office Superintendent, has produced 14 attendance registers in form 'E' for the period week ending 8th August 1961 to 23rd April 1963 (Ex. E-30 collectively) in which it is admitted that in the attendance registers up to week ending 29th August 1961 Bhimsen's designation was shown as Loco Apprentice and thereafter throughout his designation for each week end had been shown as Loco Helper. It is admitted that inspection of these registers was given to Shri K. B. Chougule for the Union. In the Company's registers produced through this witness for the years 1961 and 1962, it was found that in the Bonus Register for 1961 Bhimsen has been shown as Loco Apprentice in the entries for the two quarters ending September and December 1961. However, for the four quarters of 1962, Bhimsen has been shown as Loco Helper (Ex. 31A and Ex. 31B). Exhibit E-32 is an entry for payment of Rs. 72.41 nP. as payments due and payable to him under the Award in reference No. CGIT 20 of 1962 for the period during which he had acted as Loco Driver. The entry in Ex. E-32, which bears Bhimsen's signature in receipt

of Rs. 72.41 nP. paid to him shows that he had worked as Loco Driver in all for 88 days as follows:—

8th July 1962 to 31st August, 1962	..	40 days
1st September 1962 to 30th September 1962	..	21 days
and in December 1962	..	27 days
Total	..	88 days

The entry in Register in Form 'B' for the year 1962 (Exhibit E-34) also shows his designation as being Loco Helper.

21. All this documentary evidence, in my opinion, clearly establishes that Bhimsen had worked and was paid as Loco Helper in the Grade III, and that his statement in his examination-in-chief that he had never worked as a Loco Helper is far from correct. Exhibit W-4 in my opinion establishes that on 1st September 1962, Bhimsen was appointed as Loco Helper and that he had accepted that position by putting his signature on that confirmation letter. This is supported by the entries in pay sheets and pay registers where Bhimsen has been designated as Loco Helper and which bear his signatures. His story, therefore, that he had worked as Loco Driver continuously since 6th July, 1962 under the officiating order dated 18/21st July 1962 (Ex. W-2) cannot be accepted. If he had acted as Loco Driver in October and November 1962, surely he would have claimed and been paid his dues under the award in Reference No. CGIT-20 of 1962. Bhimsen and the Union have never been successful in explaining away Exhibit W-4. No doubt the date 1st September 1962 was entered in the company's written statement long after that written statement was filed, but Ex. W-4 admittedly bears the signature of Bhimsen, and as I have stated earlier he has not been satisfactorily able to explain it away. I have considered the oral evidence of Bhimsen and his witnesses on this point and I cannot say that the evidence on the point has been convincing. In any case the attendance record, pay sheets, bonus sheets etc. which are maintained in the ordinary course of business of the colliery—though they do contain certain errors and omissions—do not support Bhimsen's claim that he was a Loco Driver and never a Loco Helper—since 8th July 1962 till 2nd January, 1963, when he was asked to work as a Loco Helper.

22. It must, therefore, be held that not being a permanent Loco Driver, it cannot be said that he was a workman concerned in Reference No. CGIT-20 of 1962 and that it was necessary for the Company to have taken the permission or approval of this Tribunal under section 33 of the Industrial Disputes Act before changing his designation or asking him to work as Loco Helper.

23. I shall next examine the alternative ground urged in para 9 of the complaint, dated 28th February 1963 and which is that the complainant Bhimsen having been appointed as an Apprentice, the company's insistence that he should work as a Loco Helper, which work according to him he had never done, had also amounted to a change in the terms and conditions of his service, which required an application from the Company under section 33(1)(a) of the Act.

24. Now, it is admitted that on 3rd August 1961, Bhimsen was appointed as a Loco Apprentice. One of the surprising omissions in this case has been that the original appointment letter has not been forthcoming. The Company surprisingly has not been able to trace copy of it in its record, though it had preserved and could produce every one of a large number of documents, some or them not strictly relevant.

25. Now, an apprentice is defined in the Colliery's certified Standing Orders as follows:—

“An apprentice is a learner who is paid an allowance during the period of his training either from the date he is taken on or on expiry of any probationary period.”

The complaint of the complainant is that though appointed as an apprentice he was not paid any allowance, but was paid wages of category III, and he has, therefore, submitted in his complaint that, “the designation given to the complainant was not in accordance with the standing orders and as such the factual position and the terms of employment made applicable to the complainant fits in fully with the definition of a probationer, who, after six months, has got to be made permanent in the post he works as a probationer.” It is further urged that as by the orders of the Colliery Manager, dated 18/21 July 1962 (Ex. W-2) he

was asked to work as Loco Driver from 8th July 1962, though the order was in a form meant for officiating in higher post, it was an order to work in a clear vacancy and "after having satisfactorily completed six months continuous service as a Loco Driver, the opposite party had no right to effect a change in the designation." (Para 10 of the complaint).

26. Shri Chougule for the complainant has taken me through the definition of the terms, "Apprentice", "Probationer", "Temporary" and "Permanent" in the Colliery's standing orders and his submission is that the provisions are so defined as to provide for automatic confirmation. He has, therefore, urged that even Loco Apprentices and Loco Helpers, in addition to Loco Drivers, must be deemed to be workmen concerned in Reference No. CGIT-20 of 1962. I cannot accept this contention of Shri Chougule. The theory of automatic confirmation which he has urged is not borne out by the facts of this case or the authorities and Shri Vimadala has rightly referred to the decision in the case of Chief Conservator of Forests U.P. *vs.* D. A. Syall (1961 II LLJ p. 251 at pages 256-257) where it was held that, "the confirmation to a Government post occupied by a probationary servant is not a right which accrues to him automatically on the expiry of the period of probation. He acquires the status of a confirmed Government servant on the post only as a result of an affirmative order passed in that behalf by the competent authority." It is admitted that there has been no subsequent order after Ex. W-2 confirming Shri Bhimsen in the post of Loco Driver. If anything the subsequent order of 1st September 1962 (Ex. W-4) confirms him in the post of Loco Helper. There is yet another argument which goes against Shri Chougule's contention that Bhimsen after completing six months probationary period had become confirmed as Loco Driver and could not be reverted. He has throughout relied on Bhimsen's appointment as Loco Driver as having been made by Ex. W-2 which states that he was appointed to officiate as Loco Driver with effect from 8th July 1962. Now, even if it be conceded (though there is both oral and documentary evidence against it), that Bhimsen had throughout acted as Loco Driver from 8th July 1962, he had not by 2nd January 1963, when admittedly he refused to work as Loco Helper, completed six months probationary period as Loco Driver, for the rule of automatic confirmation to apply to him. There is, therefore, no proof of his having acted as a Probationer Loco Driver for six months from 8th July 1962 to justify his contention that he had automatically become confirmed as a Loco Driver by 2nd January 1963.

27. Reference has been made to the Hon'ble Supreme Court's decision in the case of the State Maharashtra *vs.* Abraham (1963 II LLJ page 422), where the right of an employee in a higher post has been discussed. Their Lordships in that case observed:—

"A person officiating in a post has no right to hold it for all times. He may have been given the officiating post, because the permanent incumbant was not available, having gone on leave or being away for some other reasons. When the permanent incumbant comes back, the person officiating is naturally reverted to his original post. This is no reduction in rank, for this was the very term on which he was given the officiating post. Again, sometimes a person is given an officiating post to test his suitability to be made permanent in it, later. Here again it is implied term of the officiating appointment that if he is found un-suitable he would have to go back. If, therefore, the appropriate authorities find him unsuitable for the higher rank and therefore revert him back to his former original rank, the action taken in accordance with the terms on which the officiating post had been given. It is in no way a punishment, and it is not therefore a reduction in rank. The refusal of the Government to furnish reasons for reverting the concerned officer from his officiating post to his substantive post may give rise to a suspicion about the motive which led the government to take the action, but it is now firmly established that if the action is justified under the terms of employment, then the motive inducing the action is irrelevant in deciding the question whether the action had been taken by way of punishment. Unless the reversion was by way of punishment Section 240(3) of the Government of India Act, 1935 is not attracted."

28. Now, it is quite clear that the appointment of Bhimsen as Loco Driver from 8th August 1962 (Ex. W—2) was in the nature of a promotion, because, as shown by Ex. W—4 his substantive post then was that of Loco Helper in which post he had been confirmed from 1st September 1962. I am satisfied that in October and November 1962 he was not continued as Loco Driver but was asked to work in the higher post of Loco Driver during December 1962 and in January

1963 was asked to work again as Helper which was his substantive post. This action of the management could not, therefore, be considered as one of punishment or one altering the terms and conditions of his service in a manner prejudicial to him.

29. In view of the documentary evidence on record I do not desire to consider the oral evidence on record in detail. I have carefully judged the oral evidence on record and I am of the opinion that the evidence of the witnesses of both the parties is neither satisfactory nor reliable in several material respects.

30. There has been a lot of discussion at the hearing on the question of what would have been the proper wages of Bhimsen as Loco Driver and as Loco Helper in Grade III and also with regard to the increments granted to him. This seems to be some confusion in this regard and the Company's explanation particularly of its witness Ex. E.W.—2, Shri Joshi, Office Superintendent of Nowrozabad Colliery, is not convincing or satisfactory. The evidence on this point of the witnesses of both sides does not conclusively establish either that on the basis of the wages paid to him, Bhimsen was entitled to claim the post of a Loco Driver as contented by the Union or that on the basis of his wages his category would be fixed as that of a Loco Helper only as contended by the Management. As I have stated earlier, the evidence of witnesses of both sides is not very satisfactory, or one that can be fully relied upon. Witnesses of both sides have spoken from memory and have referred to oral orders. I prefer, however, to rely on the documentary evidence to which I have referred in some detail above.

31. Reference was also made at the hearing to the evidence tendered and certain statements relating to the then existing Loco Drivers filed in the proceedings in Reference No. CGIT 20 of 1962 and I think that this documentary evidence [Ex. E. 6 and E. 6(1)] supports the Company's case that at the relevant period referred to therein Bhimsen was not claimed by the Union to be a Loco Driver. On this point, the evidence of the Union's witness (W.W. 2) Shri Manohar Sharma, that in his evidence in the industrial dispute Reference No. 20 of 1962 (Ex. E. 6), he did not mention Bhimsen's name as one of the nine Loco Drivers, because at that time (September 1962) he was working in the Garage and sometimes he himself was working in the 2nd and 3rd shifts, was not convincing. The evidence of W.W. 3, R. P. Pandey, Traffic Superintendant, also did not carry conviction.

32. The Union has relied upon the form of appointment of competent person. issued to Bhimsen on 20th November 1961 (Ex. W. 5) where the authorisation was in his favour as Loco Apprentice. In the authorisation produced by the Union, on the first part on top the word "Helper" has been changed into "Apprentice" and there is the initial of an officer of the Company below it. But there is no initials of the officer of the Company below the scoring against the word "helper" in the lower half of that order. The Company has produced at the hearing the counterfoil part of this order (Ex. E. 4) which shows initials of the officer of the Company under the scoring of "helper" on the top part of the counterfoil. But there is no scoring of the word "helper" in the second part of the counter foil. Ex. E. 4 also bears the signature of Bhimsen. It is, therefore, not possible on the state of this authorisation order to hold that on 20th November, 1961 the Company had issued an order in favour of Bhimsen as 'Loco Apprentice'.

33. The fact that Bhimsen was initially appointed as a Loco Apprentice does not establish that there has been a prejudicial change in the terms and conditions of service as applicable to him immediately prior to the date the industrial dispute in reference 20 of 1962 was referred to this Tribunal and further that such change was carried out during the pendency of that dispute. There is abundant material on record to establish that subsequent thereto Bhimsen had himself accepted the position of Loco Helper and had drawn wages and signed in pay sheets and registers where he was shown as such. In fact on 1st September 1962 Bhimsen had signed Ex. W. 4 which is confirmation of his appointment as Loco Helper. This, therefore, is a case of the workman having acquiesced in accepting the post of Loco Helper and I am not satisfied that he can, therefore, satisfactorily maintain this complaint on the footing that having originally been appointed as Loco Apprentice, there was a change prejudicial to him in being appointed as Loco Helper.

34. Nor am I impressed by the Union's argument that as the standing orders provide that an apprentice shall be paid an allowance during the period of his training either from the date he is taken on or on expiry of any probationary

period, the Company had contravened the Standing Orders in paying Bhimsen the wages of category III and this was prejudicial to his interest. As I have shown earlier by Ex. W. 4 on 1st September 1962, Bhimsen had himself accented confirmation in the post of Loco Helper and, thereafter he must be deemed to have been barred from urging such a contention.

35. In the circumstances, I am satisfied that the second contention urged by Shri Chougule also cannot be held to be substantiated. In the result, Company's contention that Bhimsen was not a workman concerned in reference No. CGIT 20 of 1962 must be upheld, so also its contention that there was no breach of Section 33 by it, in not applying for the permission of this Tribunal during the pendency of reference No. CGIT 20 of 1962, with regard to the two grounds alleged in the application dated 28th February 1963. In the result the complaint dated 28th February 1963 fails and is not maintainable.

36. I may state that as stated earlier I have upheld the Company's objection that in the application dated 28th February 1963, the question of Bhimsen's subsequent dismissal could not be adjudicated upon. Therefore nothing in this Award should be deemed to be a finding with regard to the subsequent dismissal of Bhimsen, the complainant herein, which forms the subject matter of the subsequent complaint—Application No. 11 of 1964—which is still pending.

37. No order as to costs.
